

GARY GULLER

Audio-Visual Requirements

Multi-Media Professional Presentation

- ❖ Lavalier (Cordless Microphone)
- ❖ DVD Player (not laptop) with remote control ability/
feature to navigate through the DVD (chapters)
- ❖ Direct tie from DVD Player (not laptop) and
Lavalier to speaker/sound system. Quality here is important.
- ❖ LCD/DLP Projector or equivalent
- ❖ Very large viewing screen(s) and suitable performance Stage/Area.
(Pulpit/Podium is not required)

Great Audio-Visual Equipment is very important and expected!
We always arrange a technical/stage check prior to Gary's performance.
Thank you for assisting us with these requests.
